

"But what if I want them all?"

We hear you, and thanks to our flexible payment options you can! Aside from the option to pay in full, we offer 3 different payment methods to suit all situations & circumstances.

50% Now 50% Later

This option allows you to split your payment right down the middle. Pay 50% when you place your order & the remaining on collection, or within 6 weeks if prompt collection is unsuitable.

Lay-by Payment Plan

- Photos must be paid in full before they can be collected
- Able to set your exact debit amount e.g. \$50 per week + fees
- Only requires basic contact information & DOB to qualify
- No maximum order amount
- Negligible fees, no interest

Take Home Payment Plan

- Requires a 10% minimum deposit
- Photos can be collected as soon as they are ready, whilst still paying them off
- You must choose a term (3-24 months*) & a frequency, & your total order cost will be split evenly across the payment period e.g. A \$2500 order paid weekly for a year would be \$48.07 + fees per debit (\$2500/52)
- You must provide your living situation, job information, & pass a credit check to qualify
- \$5000 maximum order amount
- Low fees, no interest

*maximum & minimum order amounts apply per term
